Line of Sight Wireless Bridging

5GHz from 300 ~ 1300Mbps and 2.4GHz from 150 ~ 300Mbps

Typical Applications:

- Connecting two or more buildings together
- Requiring blistering performance from 100mbps to 10Gbps full duplex
- Connections offering 99.999% availability
- Operating in line of sight situations
- Fast lead times or temporary installations
- Faster and cheaper leased line or fibre replacement

Location:

➤ 3 Prospect Court, Courteenhall Road, Blisworth, Northamptonshire, NN7 3DG

➤ tel: 01604 878480
